INSTRUCTOR   AMARJIT S CHADDA
E-MAIL CONTACT   Chaddaamarjit@fhda.edu
OFFICE HOURS: Tuesday/Thursday 12:50 to 1:20 pm. Room E37

1.   **TEXTBOOK** Pre-Calculus with limits, 3rd Edition, by Larson
          Calculator   A graphing calculator TI-83+, TI-84, or TI-84+ **is required**
          WebAssign   Math 41.04Q, FALL 2019, De Anza, Class Key: deanza 7492 1493
          Prerequisites: Math 114 with a grade C or better grade

2.   **ATTENDANCE AND CLASS RULES**
          Learning mathematics demands regular attendance and a commitment on part of students to get to class on time and stay the entire session. Regular, punctual attendance at all class meetings is expected of each student. Coming late and leaving early is rude to the instructor and to your classmates. The instructor can drop a student who misses more than two classes. **Ultimate responsibility of dropping from the course lies with the student.**

          Difficulties that could cause attendance problems should, at student's initiative, be discussed with the instructor as early as possible. If you are unable to avoid an absence it is your responsibility to keep up with the class.
          TIME COMMITMENT   According to the college catalogue, page 34 under Units, "Students should expect two hours of outside preparation for each one hour spent in class." Since the class meets 4+ hours a week, it is expected a minimum of 9 to 10 hours a week should be spent on this class. Mastery of the material should determine by how much time you spend, not the clock.

3.   **ELECTONIC DEVICES** - Cell phones, iPods
          - All listening devices and all cell phones must be turned off and must not remain on a student's desk during class
          - Please **NO TEXTING** during class.

4.   **QUIZZES**
          Daily short quizzes will be given. The quizzes will be on the material already discussed in the class and will have problems similar to homework problems. **Your two lowest quiz scores will be dropped**. There will be no make-up should you miss a quiz. However, for a good reason for an absence, the instructor may allow the makeup of a quiz, which must be taken before the next class, in room E37.

5.   **MID-TERM EXAMS**
          Three midterm exams will be given. The dates for the exams are listed in the homework sheet, see page 3. All tests are closed-book, however, you may bring one 8.5 in by 11.00 in sheet with anything written on one side of it. There will be no make-ups should you miss an exam. If the absence can't be avoided, discuss the situation with the instructor prior to the exam date.

6. **HOMEWORK**
   Students will do homework on the internet using Enhanced WebAssign website. I have attached the page **"HOW TO REGISTER?"** Follow the instructions. The Access Code for homework is **deanza 7492 1493**. Homework assignments are detailed in page 3.

7. **FINAL EXAMINATION**
   A comprehensive final exam will be given**. It must be taken on the date shown in schedule sheet**. **Failure to take the Final Exam will result in an automatic F**. For the Final Exam you may bring a 8.5 in. by 11:00 in. sheet of paper with anything written on both sides of it.

8. **DROPPING**
   It is <u>your responsibility</u> to drop yourself from the class. If you just stop attending, you will receive an F for the course. Note four important dates:
   October 5,, Saturday   Last day to add classes
   October 6, Sunday   Last day to drop classes with refund
   October 18, Friday   Last day to request Pass/No Pass
   November 15, Friday Last day to drop classes with a "W"

9. **GRADING POLCIY:** Your grade will be based on the following categories.
Homework	10%
Quizzes (drop 2 quizzes with lowest scores)	20%
Three Midterm-Exams	40%
Final Examination	30%

   Your grade in the course will be computed as follows:
97%+ A+	90%+ A	89% A-
87%+ B+	80%+ B	79% B-
77%+ C+	70%+ C	
67%+ D+	60%+ D	
0% to 59%	F	

10. **TUTORIAL HELP**: There are two tutorial centers on the De Anza campus. S-43 provides tutoring for Math and Science, and L-47 for everything else. Drop-in tutoring is always available. Individual tutoring is also available. You must complete a form, provided by the Tutorial Center, during the first couple weeks of the quarter to obtain one-on-one tutoring.

11. **EXTRA CREDIT: THERE WILL BE NO EXTRA CREDIT ASSIGNMENTS. PLEASE DO NOT ASK.**

12. **DEVIATION FROM THE ABOVE POLICIES IS AT THE SOLE DISCRETION OF THE INSTRUCTOR.**

Sections 1.1, 2.3, 2.4 added

<u>Student Learning Outcome(s):</u>

*Investigate, evaluate, and differentiate between algebraic and transcendental functions in their graphic, formulaic, and tabular representations.
*Synthesize, model, and communicate real-life applications and phenomena using algebraic and transcendental functions.
