Exams

There will be three exams beside the final. All together 4 exam. All exams will be online timed.

You may use a scientific/graphing calculator on all exams. You may use one 3x5 index card (both sides) of your own notes on each exam.

There are no make-up exams, Please be ready to take your exams on the scheduled days and times. The days and times will be on our tentative schedule.

Final: One final will be given. Absolutely no make ups will be given. If there is a conflict with another class on your final exam date, please make arrangements by informing me within the first 4 weeks of classes. No exceptions.

Quizzes

We have 6 online timed quizzes. The lowest Quiz will be dropped. I will make quizzes available over a period of one or two days but you can only take it once and it will be. It will timed. The dates will be on our tentative schedule.

Homework

The Hw problems for each section along with its due date will be available on WebAssign. Late hw will NOT be accepted. Be sure to take advantage of it's availability and submit them on time.

Working on your homework is the best way to study for the exams. The Questions on the exams are very similar to your homework problems.

Student Learning Outcome(s):

*Investigate, evaluate, and differentiate between algebraic and transcendental functions in their graphic, formulaic, and tabular representations.

*Synthesize, model, and communicate real-life applications and phenomena using algebraic and transcendental functions.
